## PROFESSIONAL SUMMARY

Junior Web Developer with hands-on experience building responsive, user-focused websites and web applications using HTML, CSS, JavaScript, and modern frontend frameworks. Experienced in React-based interfaces, UI optimization, testing, and debugging across browsers. Strong collaborator with a growth mindset, eager to learn, contribute to real-world products, and grow through mentorship and on-the-job training in a fast-paced, remote-first environment.

## TECHNICAL SKILLS

- **Core Web Technologies:** HTML5, CSS3, JavaScript (ES6+)
- **Frontend Frameworks:** React.js, basic Vue.js, Next.js
- **UI & UX:** Responsive design, accessibility basics, layout and navigation design
- **Testing & Debugging:** Manual testing, unit testing, cross-browser compatibility
- **Backend Basics:** RESTful APIs, JSON, Node.js, Python (basic)
- **Databases:** PostgreSQL, MySQL
- **Tools:** Git, GitHub, Figma, CI/CD basics
- **Ways of Working:** Agile collaboration, problem-solving, continuous learning

## PROJECTS & EXPERIENCE

### Junior Frontend Developer — University Projects

- Developed and maintained responsive web interfaces using HTML, CSS, and JavaScript.
- Assisted in building interactive features using React to enhance user experience.
- Collaborated with team members to fix bugs, implement improvements, and optimize UI performance.
- Tested and debugged applications to ensure correctness across browsers and devices.

### Web Application Developer — Personal Projects

- Built web applications with React and JavaScript focusing on usability and performance.
- Integrated REST APIs and dynamic data rendering.
- Improved page load times and optimized existing code following best web practices.

### Open Source & Practice Projects

- Contributed to GitHub repositories by fixing bugs, improving UI components, and enhancing documentation.

## EDUCATION

**Bachelor of Computer Science**  
University of the People, California, USA  
2022 – Present

# CERTIFICATIONS & TRAINING

- Software Engineering Bootcamp — ALX Africa (2022–2024)
- Front-End Engineering Virtual Experience — Skyscanner (Forage)
- Developer & Technology Apprenticeship — Accenture (Forage)
- Hands-on practice in frontend development, UI optimization, and debugging
