PROFESSIONAL SUMMARY

Aspiring Junior Software Engineer with experience in full-stack and cross-platform development. Skilled in React Native, Flutter, Node.js, and REST APIs. Passionate about building high-quality SDKs, contributing to open-source projects, and creating seamless developer experiences. Strong problem-solving skills, attention to detail, and eagerness to learn new technologies.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, Dart, Python, SQL, HTML, CSS
- **Frameworks & Libraries:** React Native, Flutter, React.js, Next.js, Node.js, Express.js
- **Databases:** PostgreSQL, Supabase, MongoDB
- **Tools & Platforms:** Git, GitHub, Docker, npm, CI/CD pipelines
- **Core Competencies:** Cross-platform SDK development, API design, front-end & back-end integration, testing, developer tools, open-source contribution

PROJECTS & EXPERIENCE

Cross-Platform Mobile App — Personal Project

- Developed a mobile application using React Native and Flutter for Android and iOS platforms.
- Implemented API integration, user authentication, and state management.
- Tested cross-platform functionality and optimized performance for smooth user experience.

Open-Source SDK Contribution — GitHub

- Contributed code and documentation to open-source SDKs, improving developer usability and cross-platform compatibility.
- Worked with TypeScript and Dart to enhance library features and fix bugs reported by the community.

Full-Stack Web Application — University Project

- Built a responsive web app using React.js frontend and Node.js backend.
- Designed database schema, integrated PostgreSQL, and implemented REST APIs for data flow.
- Collaborated on project workflow using GitHub and Agile practices.

EDUCATION

Bachelor of Computer Science

University of the People, California, USA

2022 – Present

CERTIFICATIONS & VIRTUAL EXPERIENCE

- Software Engineering Bootcamp — ALX Africa (2022–2024)
- Front-End Engineering Virtual Experience — Skyscanner (Forage)
- Developer & Technology Apprenticeship — Accenture (Forage)
- Completed cross-platform projects and open-source contributions involving React Native, Flutter, and API integrations
