

# Roseline Dangazela

Junior Software Developer (Graduate)

Pretoria, South Africa · Willing to work in-office (Johannesburg)

+27 745 663 399 · roseline.danga@gmail.com

## PROFESSIONAL SUMMARY

---

High-performing graduate and junior software developer with strong analytical skills and hands-on experience building real-world web applications. Proven ability to learn quickly, work closely with senior developers, and contribute to debugging, testing, and system improvements. Background in automation and data-driven solutions, with a strong attention to detail and a proactive, growth-oriented mindset.

## TECHNICAL SKILLS

---

Languages	Frameworks & Libraries	Databases & Tools
<ul style="list-style-type: none"><li>JavaScript</li><li>Python</li><li>SQL</li><li>C</li><li>HTML &amp; CSS</li></ul>	<ul style="list-style-type: none"><li>React.js</li><li>Next.js</li><li>Redux</li><li>Node.js &amp; Express.js</li></ul>	<ul style="list-style-type: none"><li>MySQL</li><li>MongoDB</li><li>Firebase</li><li>Git, Cron Jobs, Bash</li></ul>

## RELEVANT EXPERIENCE

---

### Procurement Administrator

Hinc Group Pty Ltd | Pretoria, Gauteng

April 2024 – Present

- Built and maintained a Python-based tender scraping system, improving data accuracy and reducing manual sourcing time by 50%.
- Assisted with debugging, testing, and improving automation scripts to ensure reliability and performance.
- Worked with structured data and dashboards to support decision-making and system improvements.
- Demonstrated strong attention to detail when handling sensitive data and audit-ready records.

### Office Assistant

August 2020 – January 2024

- Supported daily operations, improving processes through organization and basic digital automation.
- Collaborated with team members across departments, strengthening communication and teamwork skills.
- Developed strong problem-solving abilities in a fast-paced environment.

## KEY PROJECTS

---

### Lumie're CNC & Printers – E-commerce Platform

- Developed and maintained a full-stack e-commerce application using React, Next.js, Node.js, and Sanity.
- Implemented responsive UI components and assisted with feature testing and bug fixes.
- Integrated authentication and APIs, following clean code and security best practices.

### Automated Tender Scraper

- Built a full-stack system using Python, Scrapy, Next.js, and SQLite to automate tender data collection.
- Implemented scheduled jobs and email notifications for real-time updates.
- Gained hands-on experience debugging data pipelines and improving system stability.

## EDUCATION

---

### BSc Computer Science

University of the Philippines, Manila

2022 – Present

## CERTIFICATIONS & TRAINING

---

- Software Engineering Bootcamp – ALX Africa (2022 – 2024)
- Front-End Engineering Virtual Experience – Skyscanner (Forage)
